

## Why Broadway Plus?

Teachers and students deserve **quality** opportunities, and Broadway Plus utilizes its network of over 1,000 artists to lead top-notch educational experiences. We've built strong relationships with educators and we **care** about how they learn and grow.

Education changes lives. As industry experts, we've developed Q&As and workshops that serve as a getaway leaving students feeling empowered, informed, and inspired. These experiences **impact** them forever, regardless of their chosen field of study.

It's why we do what we do.

## Get Started

Creating personalized theatre experiences is what we do.

## Education Exclusives

Broadway Plus brings Broadway to you, by connecting students with Broadway artists for in-person and virtual experiences. With discounted group Tickets to Broadway Shows in New York City and tailor-made Workshops, Q&As and events, we're here to elevate your theatrical programming.

When you visit **New York City**, we can arrange discounted **Group Tickets** (10+) for shows, as well as workshops, walking tours, and even dining with cast members.

If you're **currently rehearsing a musical**, we'll pair you with a Broadway artist familiar with the show. They'll work with your cast and give direct feedback on scenes and songs. They can even come to your opening or closing night.

We can **pair you with an artist from Broadway**. They will come to your school for a Q&A and/or Workshop in Group Dance, Group Acting, Group Voice, or Acting Through Song.

**Another popular option is a showcase concert** where your performers sing onstage with the artist, and you're able to charge admission (similar to any fundraiser or special event). This is useful because it allows you to recoup some of the costs!
